Helpful Information

Service, Changes or Disconnects

To establish, change, or transfer new residential and/or business phone service, call or visit the Gorham Telephone Company (GTC) office. We will need to have paperwork filled out and a deposit may be required. The following GTC basic telecommunications service includes:

- Single-party Voice-grade service with connectivity to the public switched network.
- Local exchange service
- Dual tone multi-frequency signaling
- Access to emergency services
- Access to operator services
- Access to directory assistance
- Toll block, 900# blocking

Coverage Area

Kansas Lifeline Service Program

The Kansas Lifeline Service Program is a federal program offering telephone discounts to low income residential customers in all U.S. states and territories. Those who qualify may receive discounts on monthly basic phone service (Lifeline). If you are receiving certain types of state or federal assistance, you may be eligible for our Kansas Lifeline Service Program. Call our office for more information or to check eligibility.

Customer Proprietary Network Information (CPNI)

CPNI is a communications industry abbreviation that stands for Customer Proprietary Network Information. CPNI refers to your telephone service, including the charges on your bill; the services you subscribe to; and your usage data and calling patterns. In short, it is your private information about your communication services. The Federal Communications Commission (FCC) has mandated CPNI 'must comply' rules for all telecommunications companies. The rules are designed to safeguard your information from anyone who is not authorized to have access to your account. The rules became effective December 8, 2007. To comply with these rules, there are four security measures that Gorham Telephone Company has implemented to ensure your information is safeguarded from unauthorized access.

1. Each time you call a customer service representative regarding your account, we will be required to ask a verification question and you will be required to provide the correct answer to the question to ensure we are speaking with an authorized contact on your account.
2. Once authorization has been established, we can discuss information about specific calls that you have made after you provide the date of call, length of call and call destination. If you are unable to provide specific details, we can send a copy of this information to the account address on record.
3. If you stop by our office to make account inquiries, you may be required to show personal photo identification before we can discuss or release any account information.
4. You may add up to four authorized contacts. In order to protect your information, only these authorized contacts will be allowed to make inquiries or changes to your account. Inquiries or requests from other parties, including those of a spouse, cannot be honored if they are not an authorized contact or listed on the account. If you are uncertain who is an authorized contact on your account, please contact our office for clarification.

To select your verification question or to add authorized contacts to your account, please call our office and request to have an authorization form sent to you.

Additional information for businesses: Business customers that have a dedicated account representative are exempt from these rules. However, in the instance your account representative is not in the office when you call, we want to have your verification information on file so one of our customer service staff can assist you.

GTC Calling Features

Call Back Allows you to make a call to the last directory number called.

*To activate, dial *66 and wait for the party to answer. If you receive a busy signal, a confirmation tone will be heard and the system will continue to attempt to connect until the party is free. When the line is free, you will be alerted with a special ring.*

*To cancel, dial *86.*

Call Block Allows you to create a list of up to 10 phone numbers from which you do not wish to receive calls. The caller will hear the message of: "The party you have dialed is not accepting calls. Please try again later."

*To access Call Block dial *60.*

To turn Call Block on and off, dial 3. Follow the voice prompts to customize your Call Block Service.

Call Forwarding Allows you to transfer incoming calls to another number of your choice.

*To activate, dial *72 and listen for confirmation, followed by a dial tone. Dial the number where you want your calls forwarded.*

*To cancel, dial *73 and listen for confirmation.*

Call Forwarding Busy Allows you to transfer incoming calls after receiving a busy signal to another number of your choice.

*To activate, dial *90 and listen for confirmation, followed by a dial tone. Dial the number where you want your calls forwarded.*

*To cancel, dial *91 and listen for confirmation, followed by a dial tone.*

Call Forwarding Fixed Allows you to activate and deactivate call forwarding to a fixed number provisioned by their service provider, but does not allow changing the number without calling your service provider.

*To activate, dial *94 and listen for confirmation tones.*

*To cancel, dial *95 and listen for confirmation tones.*

Call Forwarding No Answer Allows you to transfer incoming calls when the call remains unanswered for a predefined period of time.

*To activate this feature, dial *92 and listen for confirmation, followed by a dial tone. Dial the number you want your calls forwarded to.*

*To cancel this feature, dial *93 and listen for confirmation.*

Call Forwarding (Enhanced) No Answer Allows you to set the number of rings (2-9) before call forwarding transfers the incoming calls.

*To activate, dial *92 and listen for confirmation, followed by a dial tone. Dial the number of rings desired and then the number you want your calls forwarded to as a single digit string.*

*To cancel, dial *93 and listen for confirmation.*

Call Reject Allows you to block all incoming calls that have their ID blocked. (This feature is free with Call Waiting, 3-Way Calling and Call Transfer)

*To activate, dial *77 and listen for confirmation.*

*To cancel, dial *87 and listen for confirmation.*

Call Return Allows you to place a call to the last incoming call you received.

*To activate, dial *69 and wait for the party to answer.*

*To cancel, if the call was unanswered or busy, dial *89.*

Call Trace Allows you to request a trace of the last call received on a per-call basis. This feature requires coordination with local law enforcement agencies and written authorization from the customer.

Call Transfer Allows you to redirect a call to another line.

To use this feature, receive or complete a call with a party, then press and release the switch hook/flash button to receive the recall dial tone. Dial the number of the second party. After the second party answers, hang up and the transfer is complete. The first and second party stay connected.

Call Waiting This alerts you with a beep during a telephone conversation that another call is waiting to be answered.

To answer a call, press and release the switch hook/flash button.

To alternate between calls, press and release the switch hook/flash button.

*To cancel on a per call basis, dial *70 and wait for the dial tone before placing your call.*

Call Waiting Caller ID Allows you to receive incoming call information while you are on a call.

Caller ID Allows you to see the calling party's name and phone number before answering the call.

Caller ID Block Allows you to prevent the transmission of your ID without having to dial any codes prior to placing your call.

*To cancel on a per call basis, dial *82 before dialing your call.*

Caller ID Block per Call Allows you to prevent the transmission of your ID on a per call basis. (This feature is free.)

*To activate, dial *67, wait for confirmation beeps, and then dial.*

Distinctive Ring Allows you to have up to six telephone numbers with unique ringing patterns.

Priority Call Allows you to use special ringing patterns for calls from parties on a programmed list.

Access Priority Call, dial *61

Turn Priority Call on and off, dial 3. Follow the voice prompts to customize your Priority Call Service.

Remote Call Forwarding Allows you to place a direct call to a remote activation destination number from any location.

To activate, dial 785-637-0035, listen for the confirmation, and then dial your home destination number. Then dial the security code given to you, followed by # key. If the code matches the provisioned code, a confirmation tone will be heard. Proceed with the call forwarding activation/deactivation procedure as if dialing from home (*72 or *73).

Revertive Call Allows your home phone to be used as an intercom. (This feature is free.)

To activate, dial your 7-digit telephone number and hang up then wait for someone to pick up.

Selective Call Acceptance Allows you to screen incoming calls by creating a list of phone numbers from which you are willing to accept calls.

To activate, dial *64

To turn on and off, dial 3. Follow the voice prompts to customize the feature.

Selective Call Forwarding Allows you to create a list of phone numbers that are to be forwarded when they call you.

To activate, dial *63 .

To turn on and off, dial 3. Follow the voice prompts to customize your feature.

Single Number Service Allows a caller to dial a number with the ability to reach up to 20 numbers simultaneously or in sequence.

Speed Calling Allows you to call a telephone number from a list in memory.

To store the one-digit, dial *74 or for two-digit, dial *75. Listen for confirmation and dial tone.

Enter the Speed Calling code (digits 2-9 or 20-49) to assign, then the telephone number.

Listen for confirmation and dial tone, then hang up.

To use, dial the programed code.

To review assigned codes dial *78 for one-digit and/or *79 for two-digit.

Telemarketer Screening Allows a customer to screen or block unsolicited telephone calls (unavailable/unknown/out of area). An announcement is played and the caller must dial the digit (1) mentioned to proceed.

Three-Way Calling Allows you to add a third party to an existing telephone conversation.

To add a third party, press and release the switch hook/flash button to place the present call on hold.

Dial the third party's telephone number then press and release the switch hook/flash button for a three-way call.

Toll Restriction Allows you to block calls to certain subscribers-specified destinations. A Toll Control PIN, which allows you to prevent any long distance calls from being placed unless a PIN is entered, is available through GTC Long Distance.

Warm Line Allows automatically a preset number to be dialed if the handset is left off the hook for a period of time without dialing.

**For more information on any of these features, please call 637-5300
or visit us online at www.gorhamtel.com**

Voice Mail (VM) Allows you to have an answering service on your phone line that may be accessed from any place.

Step 1: From your home phone dial *83.
From a different phone dial your 10-digit telephone number (include 1 if out of area), press the * key while the greeting is playing.

Step 2: Enter your *password*, when prompted, followed by # key. (Default is 1234#).

You will hear the following options:

Main menu: 1-Listen to Messages, 7-Date/Time, 9-Set Up VM, 0-To Hear Again (5-Dial Configured Outdial Number - option available on request).

Set Up VM Options: 1-Greeting Options, 2-Change Password, 8-Record Name, *-Return to Main Menu, 0-To Hear Instructions Again (7-Edit Outdial Number - option available on request).

Greeting Options: 1- Play the Current Greeting, 2-Re-record the Current Greeting, 3-Delete the Current Greeting, 5-Pick a New Greeting (0-9), *-Return to Main Menu, 0-To Hear Instructions Again

Change Password Options: "Please enter your new password, followed by the # key". You will then be asked to enter it again to verify the new password. Upon successful verification, the password will be setup/changed and you will be taken to the VM setup menu. You may press * to return to the main menu, or you may disconnect.

International Calling - International Dialing Instructions

To Call Countries Outside the North American Numbering Plan (NANP)

Dial 011 + Country Code + Telephone Number

After dialing any international call, allow at least 45 seconds for the ring to start.

Because "0" (operator) is the first digit of the International Access Code (011), please remember to dial the second digit (1) within three seconds or you will reach the local operator.

To Call Countries Within the North American Numbering Plan (NANP)

Calls to these points can be dialed in the same way as long distance calls within the United States. Simply dial "1" plus the appropriate area code and the local number. You will incur international charges.

To Place Operator Assisted International Calls Outside the NANP

Dial 01 + Country Code + Telephone Number

To Place Operator Assisted International Calls Within the NANP

Dial 0 + Area Code + Telephone Number

International Call Blocking

International Call Blocking is available. Please call your local service office for more information.

Unlawful Uses of the Telephone (Intent to Defraud)

Kansas law states that it shall be unlawful for any person to obtain or attempt to obtain by the use of any fraudulent scheme, device, means or method, telephone or telegraph service or the transmission of a message, signal or other communication by telephone or telegraph, or over telephone or telegraph facilities with intent to avoid payment of the lawful price, charge or toll thereof. Any person who violates any provision of this statute is guilty of a misdemeanor and upon conviction, shall be punished by confinement in the county jail for not more than one year or by fine not exceeding one thousand dollars (\$1,000) or both such fine and confinement.

Obscene & Harassing Calls

Every person who shall by means of telephone communication:

- (a) Make any comment, request, suggestion, or proposal which is obscene, lewd, lascivious, filthy, or indecent; or
- (b) Make a telephone call, whether or not conversation ensues, with intent to abuse, threaten, or harass any person at the called number; or
- (c) Make or cause the telephone of another to ring repeatedly, with intent to harass any person at the called number; or
- (d) Make repeated telephone calls, during which conversation ensues, solely to harass any person at the called number; or
- (e) Play any recording on a telephone, except recordings such as weather information or sports information, when the number thereof is dialed, unless the person or group playing the recording shall identify themselves and state that it is a recording; or Knowingly permit any telephone under his control to be used for any of the purposes mentioned herein, shall be guilty of a misdemeanor.

Kansas maximum penalty for violation is a fine of not more than two thousand five hundred dollars (\$2,500) or by confinement for not more than one year in the county jail, or both such fine and confinement.

Slamming & Sliding

“Slamming” is the unauthorized and illegal switching of your long distance company for InterLata (outside your area code) calls. “Sliding” is the unauthorized switching of your local toll carrier or your IntraLata (inside your area code) calls. If your long distance or local toll has been illegally switched, please call us and will help switch you back to your preferred carrier(s).

Cramming

“Cramming” involves the billing of unauthorized charges on your telephone bill. These charges are for unauthorized services such as voice mail, calling plans, calling cards, personal 800 numbers, 900 services, psychic services, memberships, sweepstakes and marketing offers. If you have been billed for calls you did not place, or services you did not authorize or use, please contact us. We may be able to assist in removing the incorrect charges from your bill or provide you with the necessary information for filing a complaint with the proper regulatory agency.

Spoofing and Caller ID

Caller ID “Spoofing” occurs when a caller deliberately falsifies the information transmitted to your Caller ID display to disguise their identity. Spoofing is not the same thing as blocking a phone number “Unknown Number”. The Caller ID is sometimes manipulated by spoofers who masquerade as representatives of banks, creditors, insurance companies, even the government. Spoofing is often used as part of an attempt to trick someone into giving away valuable personal information so it can be used in fraudulent activity or sold illegally. U.S. law and FCC rules prohibit most types of spoofing. Under the Truth in Calling Act, FCC rules prohibit any person or entity from transmitting misleading or inaccurate caller ID, with the intent to defraud, cause harm or wrongfully obtain anything of value. If no harm is intended or caused, spoofing is not illegal. In some cases, spoofing can be permitted by courts for people who have legitimate reasons to hide their information, such as law enforcement agencies working on cases, victims of domestic abuse, or doctors who wish to discuss private medical matters.

National Do Not Call Registry

888-382-1222 • TTY # 866-290-4236

www.donotcall.gov

How To Register Your Telephone Number(s)

You may register your residential and/or cellular telephone number(s) with the National Do Not Call Registry. You can register your telephone number(s) at the registry's website or by calling the registry's toll free number. Placing your number on the National Do Not Call Registry will stop MOST telemarketing calls, but not all. Because of limitations in the jurisdiction of the FTC & FCC, calls from or on behalf of political organizations, charities and telephone surveyors would still be permitted, as would calls from companies with which you have an existing business relationship, or those to whom you've proved express agreement in writing to receive their calls.

Telephone numbers placed on the National Do Not Call Registry will remain on it permanently due to the Do-Not-Call Improvement Act of 2007, which became law in February 2008. Telephone numbers on the registry will only be removed when they are disconnected and reassigned, or when the consumer chooses to remove a number from the registry.

How To File A Complaint

You can file a complaint at the registry's website or by calling the registry's toll free number. While the FTC does not resolve individual consumer problems, your complaint will help us investigate the company and could lead to law enforcement action. Violators could be fined up to \$11,000 per incident.

- *To file a complaint now, your phone number must have been on the registry for at least 31 days.*
- *To file a complaint, you must know either the name or telephone number of the company that called you and the date the company called you.*

Repairs or Trouble

We provide the most efficient service possible; however, we realize service difficulties may occur despite our best efforts to avoid them. If a problem is with the telephone company's equipment, it will be repaired at no charge. If the problem is with customer owned equipment/wiring there will be a charge. Please call our office, after trying the trouble shooting tips below, for us to assist you with any issues you may have.

Troubleshooting Tips

You may be able to correct some of these problems on your own by following these troubleshooting tips:

- Check your equipment (i.e. cordless phone, answering machine or fax), by unplugging everything from the phone jacks and power sources. Then plug in one piece of equipment at a time. If the problem goes away, it is likely your phone.
- If you have more than one outlet, check each instrument at each outlet to determine if operation can be obtained from any outlet.
- To isolate jack or house wiring problems, move a working telephone to each jack in the house to find which location is causing the trouble.
- Make sure all of your phones are hung up.
- Do a visual inspection for defective or damaged cords.
- Check the batteries if it is a cordless phone.
- You may determine whether the trouble is with your wiring or with the telephone company's equipment by testing a phone at your Network Interface Device located where your telephone wire comes into your residence or building.

Incorrect Directory Listings

The vast majority of all directory listings are correct. But, as with any directory of this size, some errors are bound to occur. If your listing in the directory is incorrect or omitted, it cannot be changed until the next edition of the directory is issued. In the meantime, we can make sure your listing is correct in Directory Assistance records. The publishers cannot and do not guarantee the correctness of all information available to them, nor the complete absence of errors or omissions, or the presence of unintentional inclusions; therefore, no responsibility for the same can be or is assumed.

Policies

Telephone numbers are the property of the telephone company. Gorham Telephone Company reserves the right to change any telephone number at any time. At all reasonable times, Gorham Telephone Company, through its authorized employees, shall have right of access to the premises of the customer to install, inspect or repair the lines or equipment, and to remove them upon termination of the customer's right of use. Copies of our rules, regulations and schedules of rates are available at our service office and are open to public inspection.

Comments, Questions & Complaints

GTC welcomes your comments, questions, suggestions and complaints. Call our business office any time, if you do not get a satisfying answer, please ask for a supervisor or manager. Should the matter need further escalation, you have the right to file a formal or informal complaint with the Kansas Corporation Commission (KCC). The KCC can be reached at 785-271-3140 or toll free, 800-662-0027 and their address is: Kansas Corporation Commission, 1500 SW Arrowhead Road, Topeka, Kansas 66604-4027.

Statement of Nondiscrimination

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted for funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202)720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800)877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at http://www.ascr.usda.gov/complaint_filing_cust.html and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by:

- 1.) Mail: U.S. Department of Agriculture
Office of the Assistant Secretary for Civil Rights
1400 Independence Avenue, SW
Washington, DC 20250-9410; or
- 2.) Fax: (202) 690-7442; or
- 3.) Email: program.intake@usda.gov

USDA and GTC is an equal opportunity provider, employer, and lender.

Kansas Relay Center
Powered by Hamilton Relay

Important Information Regarding Kansas Relay Center

What is Kansas Relay?

Kansas Relay is a public service which guarantees all citizens access to prompt, professional and accurate communication through the telephone. Consumers of these specialized services, specifically individuals who are deaf, deaf-blind, hard of hearing or have difficulty speaking, can communicate on the phone via TTY, Voice Carry Over (VCO), Hearing Carry Over (HCO), Speech to-Speech (STS), Spanish and Captioned Telephone in order to connect with family, friends or businesses.

How does relay work?

Simply dial 711 or the appropriate toll-free number to connect with Kansas Relay. A qualified Communication Assistant (CA) will ask for the area code and number of the person you wish to call and begin the relay call. Generally, the CA will voice the typed message from the text telephone (TTY) user to you. The CA relays your voiced message by typing it to the TTY user.

Captioned Telephone (CTS)

Captioned Telephone is ideal for individuals with hearing loss who are able to speak for themselves. A captioned telephone works like any other telephone with an essential difference: it allows users to listen to their phone conversations while reading word-for-word captions of what's said to them. To call a Captioned Telephone user, dial: 711 or 877-243-2823.

Speech-to-Speech (STS)

STS is especially useful for people who have difficulty speaking or being understood on the phone. STS involves a specially trained CA who is familiar with the speech patterns of a wide variety of individuals who have difficulty being understood.

Spanish Relay

Kansas Relay allows Spanish-speaking relay users to access all relay call types. Calls can be translated between Spanish and English if you and the person you are calling are both in Kansas.

How do I apply for specialized equipment?

The Kansas Telecommunications Access Program offers telecommunications equipment to eligible individuals in Kansas who are deaf, deaf-blind, hard of hearing, or have difficulty with speech, mobility and cognitive functions. For more information, visit www.atk.ku.edu/ks-tap or call 800-526-3648.

Access Numbers:

Dial 711 or

TTY/Voice: 800-766-3777

Spanish: 866-305-1343

Speech-to-Speech: 866-305-1344

Customer Care:

V/TTY: 866-735-2957

K5Relay@HamiltonRelay.com www.KansasRelay.com

Oversite for Kansas Relay is provided by Assistive Technology for Kansas. If you have questions or concern, contact: atkapps@ku.edu or call 800-526-3648.
