GORHAM CUSTOMER INFORMATION
ANNUAL CUSTOMER NOTICE

2020

Thank you for choosing Gorham Telephone Company and Gorham Communications ("Gorham"). We provide this notice as a service to our customers and in accordance with applicable federal law and FCC regulations. It is important to us that you are informed about the services we provide, our policies and procedures, and your rights as a customer. We appreciate your business.

We encourage you to review the following information and contact us at (785) 637-5300 with any questions.

YOUR PRIVACY AS A GORHAM CUSTOMER

As a Gorham customer, you are entitled to know what we do with personal information about you that we receive. We consider our treatment of such information to be a part of the trust you place in us by using our Cable Television, High Speed Internet, and Telephone Services. We have updated this notice to better answer questions you may have, but our basic privacy policy remains the same. We keep only the personal information of our customers that is needed to provide our services; treat it as private, use it only for what we offer you, do not sell it to others, work to keep it secure, and destroy it when no longer needed.

For additional and updated information, please visit our website at https://gorhamtel.com.

Information We Collect

Personally Identifiable Information – In providing services to you, we obtain certain “personally identifiable information” ("your information"). Your information may include: name, address, telephone number, social security number, driver’s license number, premium service subscription information, billing records, demographic information, user IDs, passwords, email addresses, correspondence, and communications records. In providing our services, we may also collect information about your video equipment, computer hardware and software, modems, routers, settings, and other preferences to aid in customer support.

Cable Television Services – We collect and maintain personal information in providing you with our cable television services.

Unless you are notified and agree, we will not collect user information concerning most video program viewing, except as needed to bill you. In providing some specific cable television services, such as pay-per-view, and entertainment-on-demand interactive cable services, we do maintain limited usage information for billing, programming and related purposes. Aggregate information that does not identify you may be collected and used for programming, advertising, and similar purposes. When we provide digital video recorder services, we may also receive detailed information concerning your use and operation of the recorder for the uses described below in “Use and Sharing”.

GORHAM - JULY 2020
Internet Services – Like most Internet service providers, we automatically collect certain general information concerning your use, such as the Internet Protocol (IP) addresses assigned (an identifier assigned to your computer while online), bandwidth used, system and connection performance, browsers used, dates and times of access, and Internet resource requests, including requests to access web pages. This type of information is generally retained for about six months. We do not store online messages sent or received unless left in your Gorham High Speed Internet account file. Since we cannot control Web sites or Internet services operated by third parties, we recommend that you review the terms of service and privacy policies of those Web sites and services.

Telephone Services – In some areas, we provide telephone services by traditional “switched” technology. We do not listen to or record your calls. We do, however, monitor certain calls to our staff for quality purposes. If you object to this, you may tell us when you call Customer Care. In providing telephone services, we do receive usage information, including numbers called and received, and duration of calls. We retain this information for up to two years, as required by some authorities and treat all such information as private.

Use and Sharing

Use Policy – We consider your information confidential, and use it only in providing our cable television, Internet and telephone services for such things as sales, installation, operations, administration, advertising, marketing, support, network management, maintenance, customer care, communications with you, billing and collection, and for accounting and tax purposes. We may also use such information in dealing with fraud and unauthorized use of our services.

We use aggregate information about our customers and their usage for a variety of purposes. Such aggregate information does not identify individual customers. We may share such aggregate information with third parties, but will not share your own information with third parties without your permission.

Sharing Policy – Federal law prohibits the disclosure of your personally identifiable subscriber information without your consent. The following exceptions apply:

Business activities. We may disclose customer information in order to conduct a legitimate business activity related to providing cable service or other services.

Unauthorized reception of cable service. We may disclose customer information in order to detect unauthorized reception of our cable service.

Names and addresses to third parties. We may disclose names and addresses to third parties for purposes as mailing lists, charities, and direct mail marketing, unless you notify us in writing that you do not wish us to disclose it. You may write us with a nondisclosure request at any time to the return address on your billing statement, or online at https://gorhamtel.com. No such disclosure may reveal directly or indirectly the cable services you view or other transactions you make.

Court order. We must disclose personally identifiable information without your consent if we are required to do so by a court order. If we are served with a court order requiring disclosure, we will promptly inform you before releasing any information. You will then have an opportunity to contest the order.

Law enforcement request. We may also disclose personally identifiable information without your consent when requested by law enforcement under certain circumstances.

Special Exceptions – We also reserve the right to disclose your information if we have a good faith belief that it is necessary to: (1) comply with the law or legal process served on us; (2) protect and defend our rights or property or the rights or property of others; (3) respond to fraud, abuse, or unauthorized reception; (4) enforce our Customer Privacy Policy; or (5) act in an emergency to protect your safety or that of another. We may also share or transfer your information along with your account as a part of any sale or transfer of all or a portion of our business operations, merger, or combination with another organization. In such a case, you will be notified of any changes in policy.
Outside Parties – Gorham sometimes uses affiliates, vendors, or partners in providing our services and may provide your information for such purposes. We require that outside parties maintain at least the same level of confidentiality that we maintain. In addition, any use by the vendor may not exceed that which is necessary to provide its service. We do not share your information with other third parties without your consent. If you become a customer of a third party directly, you should review its privacy policy, as it may differ from ours.

Retention Policy – Gorham may retain personal customer information in its regular business records as long as you are a customer or until such information is no longer needed for business, tax, or legal purposes. Our security measures for this information are discussed below.

Telephone Services – Federal and some state regulations limit our use and sharing of certain information concerning a customer’s telephone services. This information is known as “Customer Proprietary Network Information” or “CPNI”, and includes information on how you use our telephone services, such as your call patterns, service features, price plans, spending profiles, call destinations and related information. In offering our spectrum of local and long-distance telephone, we do use your telephone service information to offer you new services and pricing plans. If you do not want us to use your CPNI for this purpose, you may contact us at the number or address listed on the cover of this notice or on your regular bill, or by email at gtc@gorhamtel.com. On the other hand, if you would like us to offer you information on video and data services or would like to learn about our bundled offers, please contact us in any of the same ways. Consent to allow us to use your CPNI will help us offer you the best and most up-to-date services. Your consent will remain in effect until you notify us that you want to revoke or change your permission. Your choice will not affect the services you now receive. We do not disclose this information to unrelated parties, except as required by law.

Directory Listings – We offer our telephone customers the ability to designate their listings as non-published within print or electronic directories or directory assistance services. Because of the complexity of this process and the involvement of other entities in publishing, errors may occur from time to time. These and certain other telephone services are offered subject to tariff or contractual terms that limit our liability in the event of such errors.

Internet Security

Taking Proper Precautions – Maintaining the security of your personal computer is an important part of protecting your own privacy and of helping us protect our network and customers’ service. You should follow our Acceptable Use Policy and use and update regularly your antivirus software, firewall, wireless network security, and operating system to prevent unauthorized access by others and harm from various forms of viruses. You should regularly back up your computer to preserve your files, including email or other messages you want to keep.

Persons with questionable intent may use the Internet or email to pose as someone you trust or do business with. You should always be sure who you are dealing with before clicking on an internet link or giving personal information. To avoid all these and other forms of attacks, we encourage you to visit our website at gtc@gorhamtel.com, the Federal Trade Commission (“FTC”) at http://www.ftc.gov, or the FBI at https://www.fbi.gov/scams-and-safety/on-the-internet for regular updates and tips on protecting yourself. Gorham or its Customer Service Department may take protective action related to your service or contact you directly with information from time to time to help with this effort. While we take reasonable steps to protect your services, we highly recommend that you regularly change your login password, using hard-to-guess combinations of numbers and letters. Once communications enter the Internet, it is possible for them to be accessed by third parties over whom we have no control. Moreover, since we cannot control web sites or services operated by third parties, you should review their terms of service and privacy.

Spam – Gorham tries to prevent and to block spam, and we encourage your help by preventing unauthorized access to your computer. We suggest that you remain up-to-date on ways to avoid and combat spam by watching for advice and tips on our website at gtc@gorhamtel.com. We may use email to send transactional or relationship messages related to your service. If you prefer, you may opt-out of other marketing messages we may send by notifying us in response to any you may receive.
Cookies – A third party ad server that places ads on our websites may use “cookies” to collect anonymous information about your visit to our website and to manage information concerning your preferences. A “cookie” is a computer code added to a file on your computer as a record of its visit. It does not collect or provide your name or any other personal information about you. It can, however, be read by the website that placed it to note information about your visit, such as your type of web browser, operating system and Internet Protocol (“IP”) address. It can also be used to recognize you when you log in as a registered user or as a repeat visitor returning to our website. This allows us to tailor our site by remembering you and any options you select. You can control what cookies are accepted by your computer through the settings on your web browser or by deleting them from your files. Doing so, however, may limit the personalization available to you.

Third-Party Cookies and Web Beacons – These forms of computer code are sometimes placed by advertisers or others with connection to a webpage and may be read by the ad’s provider. They may use a form of code called a “web beacon” or “clear GIF”. These are usually contained in a transparent image on a page or in an image on an email message and serve as a way to gather information about your visit, such as your IP Address and information or statistics about your visit. As with cookies, you can use your browser settings to control web beacons. We may share non-personal information obtained from cookies and web beacons with vendors, advertisers, and others.

Security of Information

We are aware of the many recently publicized instances of customer information security breaches and continue to work on new ways to protect your information. For our most sensitive databases, we use encrypted formats within controlled and secure environments that have restricted access. Nevertheless, although we endeavor to ensure the integrity and security of our network and computer systems, we cannot guarantee that our security measures will prevent unauthorized access.

Children’s Privacy

The websites provided by Gorham are not directed at, nor intended for use by, children under the age of 13. We do not knowingly allow anyone under 18 to provide any personal information on our websites. Children should always get permission from a parent or guardian before sending personal information over the Internet. If you believe your child may have provided us with personal information, you can contact us at the return address on this notice or found on your monthly bill and we will delete the information. You can find more information about protecting children’s privacy by contacting the FTC or viewing its website at http://www.ftc.gov.

Child Pornography

As a provider of an electronic communications service, we are required by law to report any evidence we may become aware of relating to violations of laws concerning child pornography.

Customer Rights

As a customer, you may review your personal information maintained by us by contacting a Customer Care representative. We will need a reasonable amount of time to collect the information and remove any references to other customers. You may request correction of any errors in personal information that we collect or maintain pertaining to you. You have the right under federal law to enforce your legal privacy rights concerning our collection, use, and sharing of your personally identifiable information.
Other Terms and Changes in Policy

Other terms and conditions affect our service offerings, including certain Television service contracts, our Acceptable Use Policy for High Speed Internet service, tariffs, and the Terms of Use for our websites. Changes in our service offerings, the law, and policy may cause us to make changes to this and other policies from time to time. Any changes will be posted with the Online Privacy Policy at gtc@gorhamtel.com, which also contains provisions concerning privacy as it relates to our websites.

Annual Do Not Call Registry Notice

Gorham maintains the highest standards of ethical conduct in all its marketing activities and is committed to complying with all federal and state law.

No employee or agent of Gorham shall engage in telemarketing practices that violate the provisions of the Telephone Consumer Protection Act of 1991, the FTC Telephone Sales Rule, or applicable state regulations. In performing its duties under these requirements, Gorham provides a written copy of this Do Not Call Policy to all personnel or entities that make calls for telemarketing purposes on our behalf. In addition, we also provide training to all our business office personnel and any personnel engaged in any aspect of telemarketing on our behalf, to ensure that they are informed and knowledgeable in regard to the existence, use, and maintenance of our “Do Not Call” list.

If you do not want to receive sales calls from Gorham, you can ask us to place your telephone number on the Gorham “Do Not Call” list. In compliance with federal and state laws, upon your request, we’ll make a record in our files that you contacted us and we will immediately add your number to our “Do Not Call” list. Please allow up to 30 days for your telephone number to be removed from any sales programs that may be currently underway.

- To add your telephone number to our “Do Not Call” list, you can make your request in writing to the address below or by calling 785-637-5300. You should include your name, address, and telephone number in your request.
  
  Gorham Communications  
  Attention: “Do Not Call” List Administrator  
  P.O. Box 235  
  Gorham, KS 67640  

- If you have multiple telephone numbers, please tell us all numbers that you want included on the “Do Not Call” list.

- You will remain on our “Do Not Call” list for five years, unless you ask to be removed.

- If your telephone number ever changes, you must give us your new information for your “Do Not Call” status to remain in effect.

Being placed on Gorham’s “Do Not Call” list means that you will not receive sales calls from anyone representing Gorham. We may still contact you, however, for non-solicitation and non-telemarketing purposes. This type of contact may include surveys, billing, and other service-related matters.

Please note that the Gorham’s “Do Not Call” list restricts marketing contacts from Gorham only, so you may continue to receive calls from other companies including affiliates of Gorham unless you also contact those other companies directly. However, to make this process easier, you may add your number to the National Do Not Call List. You may do so by going online at www.donotcall.gov.

Please be assured that Gorham respects your right to privacy.
GENERAL INFORMATION

Services and prices – Please contact us at 785-637-5300 or by visiting our website at gtc@gorhamtel.com for information on services and prices including:

- Products and services offered
- Prices and options for subscribing to services
- Channel positions
- Installation and maintenance policies and prices
- Instructions for using our cable service

Miscellaneous Fees – A fee is added to any bill amount unpaid after the due date. If your payment is made with a non-sufficient fund check, you may be charged a fee for handling.

Delinquent Accounts – If your service is disconnected for non-payment, we require full payment of the balance, a deposit, a reconnect fee, and a minimum of one month’s service before reconnecting service.

Disconnect Policy – A request to disconnect service can occur at any time. Billing for service will stop on the day you request the service to be discontinued. Equipment provided to you by your local office must be returned upon disconnecting, or appropriate charges will be assessed.

Backup Power for Home Services During Power Outages – For many years, your home phone would allow you to stay connected to emergency voice services during a power outage. However, many of today’s advanced home phone services require backup battery power to continue functioning during an outage. To avoid a disruption of home voice service during an outage and to maintain the ability to connect to 911 emergency services, Gorham provides you a battery backup and the option of purchasing additional backup power for your home phones. For more information, please see our Battery Backup Notice on our website.

COMPLAINT PROCEDURES

In the event that a service or billing issue occurs, you should call us at the telephone number listed on this notice. A fully trained Customer Service Representative can often resolve your problem over the telephone. If this cannot be done, we will set up an appointment for a skilled technician to come to your home. If, in your opinion, the service technician fails to correct the reception problem, you should call us again and we will review the actions taken. Should we continue to be unable to resolve the problem to your satisfaction, we will explain the reasons we cannot solve the problem. If you believe Gorham has not properly resolved your issue, you have the right to contact the applicable franchise authority.
